

Shunter's Recent Rambles *1

Mount H3 Green dress run & Choppers farewell)

Mount Hash pose for Green dress run outside Jack Dusty pub in Bureta Tauranga this pub is partly owned by a hash man called Bundy who also owns a bar opposite the Papamoa Top 10 Camping ground, a good turnout of 38 hashers.

Left-Right are - All Black Nipples, Shunter (NZGM) Mr Magoo, Two Jugs, Perkulater, Aye-Nll-Floss, Peeping Farmer Tom & Bustits.

Mount's 59er's party

Held 23rd March in KaitKati.

All this mob L-R Aye-Nll-Floss, Muff Diver, Stamen, Pokin Out, Two Jugs, Couldn't Cum & Captain Pugwash were all were born in the year 1959 and surprisingly are all turning 60 years of age at various times of this year.

A big thank you to all the care givers (partners) of this crew for supporting them in years to come and to Stamen & Rwanda for hosting this event and hopefully the recycling truck did take away all of the empty bottles.

Nomad weekend,

held 01-03 June 2019

Yep Nomad was a normal Nomad bloody cold mostly wet a bit windy held in Never Never land way out the back of the Naki where cellphone towers have not been heard of so all those people that have an object permanently in the palm of their hands had to find another alternative to fill that empty space in their hand.

The venue was nicley tucked away up the end of a country road way out in the wops but being true hashers we all are we sniffed the palce out and arrived in

mass well 65 with a good contingent of hashers from the Mainland arriving and a good hand full of North Islander hashers from across just about all the clubs.

One resident hand reared animal was “Lucy” the sheep- this sheep had a fetish for peoples crutches and an even more humungus affection for people bending over which turned this sheep on something bad,ask Ridgit Rabbit it caught him in the bent over position and approached from behind and gave him a good ole shunt (excuse the pun) Crabstick only got the old crutch sniff from Lucy in this

photo but I reckon she had other plans in stall for Crabstick..

The run was a nice 3 km walk to a nearby reserve/ natural amphitheatre where the Piss stop was had watched on by some bewildered wild horses and goats.

After the down downs and lunch another bunch of energetic individuals decided that some railway line walking was required along the leased out Forgotten wilderness rail adventures line so off we went through two tunnels the lata being one km long just for the sake of it another 3 km's in each direction there after it

was time for the cocktails then a lovely cooked roast meal for tea and one must say all the piss was sunk and destroyed.

The new NZGM and the old getting in and helping out.

Also a special thanks to Jimmie & Jo the owners of the camp who got in and participated with us including suppling a drum set for the evening singing session.

Nomad2020 is in Xerox and co's hands.

Other stuff,

It is good to see **future clubs,**

Getting hold of me to get their shit sorted to form new fledgling clubs, keep a watch out for Kaitaia, Otorohanga a Gisborne H3 revival and a family hash in the Kapiti Coast.

Interhash 2020 its nice to see a contingent of 58 Kiwi hashers migrating over to the USA and Trinidad to do hash cruising plus Interhash.

NZ Hash websites, we have 2 web sites now up and running (excuse the pun)

www.nzhhh.co.nz and www.nzhhh.nz the lata page is run by Deep Throat and features more local club stuff i.e AGPU's and other events including club updates runs etc, both web pages are to be amalgamated very soon into www.nzhhh.nz only, the other web page will be rediverted to this one.

Please email the NZGM with information you want put on the webpage and we will action it a.s.a.p.

Interhash 2022 bid, NZ is putting a bid in for Interhash 2022 venue in or around the Queenstown area.

Upcoming hash events.

19-21 July	Winter Camp	Christchurch area
23-25 August	North Shore Hussies	Hash weekend for no reason.
03-05 April 2020	Capital's 2000th	venue t.b.a
23-26 April 2020	Interhash 2020	hosted by Trinidad

Obituaries *recent fallen hasher(s)*

Chopper

(Mount H3 2003-2019)

Sadly on 13th March brother Chopper passed away – Well known as the “Fear factor champion” of the “fish eye eating competition” your huge smile , raffle winning abilities and your big bear hugs will be sadly missed to all that knew you On On brother Chopper.

On On from the NZGM.
